Dear Dr. Powell,

Just a short note and many
enclosures.

I have sent a memo to Robert Tomin asking him to start work on preparing the Kermadec photographs for exhibition. The exhibition will run from October 24, 1984 to November 14, 1984. I will be coming in October 19 (I may need a note from the bus station) and ~~and~~ I want to meet with you and Robert J. T. at 7:30 that evening to get everything set. If you can schedule some school groups to come in ~~on~~^{on} some days during that time period I would be great.

2) my mother wrote to me and said she gave you something that she shouldn't have. I don't know what it is but if you haven't already, could you please return it.

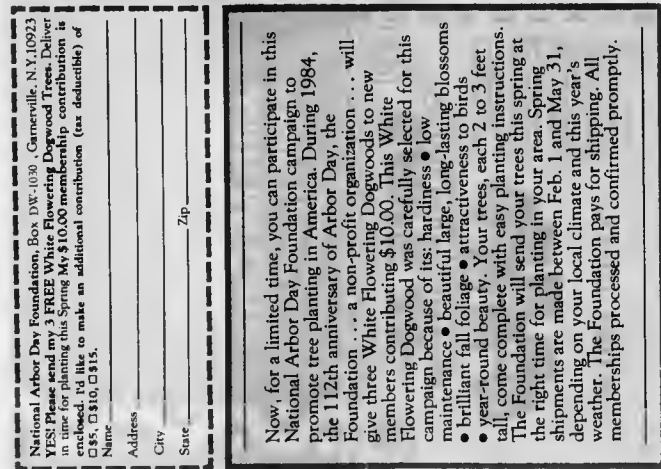

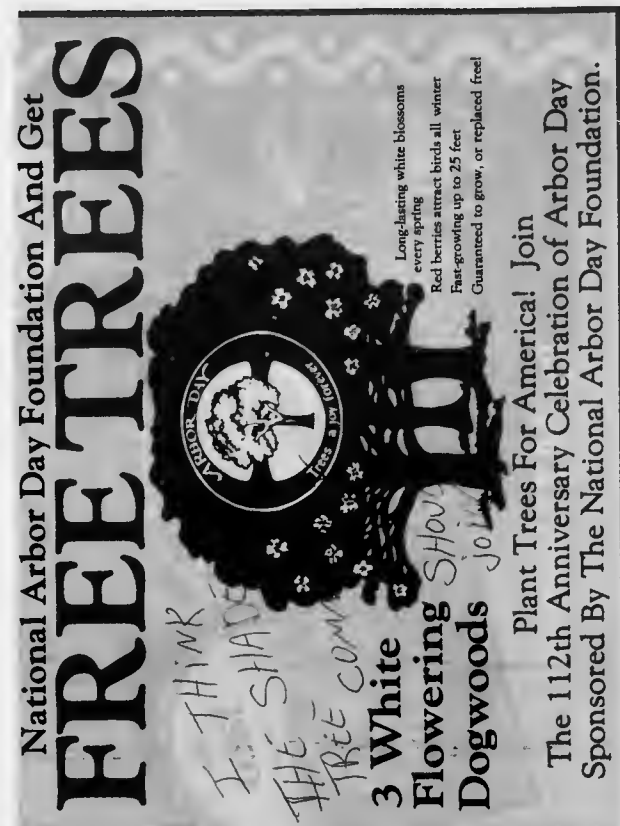

3) I have enclosed the listing of N.E. Pa.

I took a look at it in the library and the set is ~~quite~~ handsomely bound in a single volume. It is black "leathers" with gold letters on the spine.

When I'm coming in, if I need a ride I'll tel you when my bus is arriving. I hope to hear from you soon and, also I'll see you soon.

Sincerely yours
John "C.B." Schindler

P.S. My classes are going very well.
Is the outdoor palace working out well?

Why do some people insist on writing with blue ink? Blue ink makes me so mad I could scream.

Clearly more people who are uneducated write with blue ink pens (ball point pens) than people who are educated.

Dear Robert,

I didn't receive a letter responding to the last one I sent to you. It probably got lost in the ever efficient Finnish mail system.

I will be, hopefully, doing some research shortly and also this week I will be writing letters to Mrs. Sophie O'Leary and Nancy Marchuck.

I will not be able to make it to the clinic but I will be there in spirit.

I hope that the exhibition of photographs has gotten off the ground. I know I shouldn't spend too much because to almost the situation of a tenant owner in New York who lives in Florida.

9800 there been any word yet on the museum grant proposal?

I hope that you are surviving this recent return to winter weather, and look at it this way, it can only get worse.

When I come in for Thanksgiving I, hopefully will be able to take a trip out to Eldale Lodge. There may be snow on the ground by then.

well, that's about it for now.

yours truly,
John Dinkering

P.S. I may be discussing with a professor shortly about the possibility of the Univoid make-up project. Short is if you still think we could do it.

I even find it
difficult to read
J.K.'s dreadful
blue ball point pen
letter. What I
shall do is merely paste
it down here and
not make any
effort to respond to it.
Given the fact that
I had a first-person
visit with Klimkeiwicz
after I received his
two letters (10/4/84 &
11/4/84), I shall not
give him a written
answer.

— This Griswood video tape project has not, apparently, been discussed with J.K.'s person, and I would have heard about it by now.
